

# MINORITY REPORT

May 2025

## Newsletter

Dear reader,

Welcome to the second newsletter of the Minority Report project – celebrating our first anniversary! Over the past year, we've submitted several deliverables, produced a video and flyer to bring the project closer to our audience, and built strong ties with our sister projects by forming a collaborative cluster for knowledge sharing and joint initiatives.

Let's stay connected and keep the momentum going!

## Deliverables

D1.1

### Stakeholder Mapping Deliverable

PI

Prospex Institute mapped stakeholders for the Minority Report disaster resilience platform (July 2024-January 2025) using their CQI methodology. They identified key stakeholders across multiple levels, from vulnerable communities to government entities, focusing initially on pilot site participants to facilitate community workshops and engagement for platform co-design.

D7.2

### Project Outreach Plan

DMO

This deliverable describes in detail all the stages and relevant activities of the Project DCE strategy, including strategies for raising target audience awareness, maximizing the dissemination of the Minority Report results and activities performed in the project, including website. It is first due in M6, and an updated version will be delivered in M12, M18, M24, M30, M36, M42

D8.1

### Management Report COST

IESRD

This report keeps track of spending for each 6 month period of the project.

[Not publicly available](#)

D8.2

### Risk Mitigation Strategy

IES

The confidential D8.2 document is a living risk register maintained by the Minority Report Management Board, tracking project implementation risks and mitigation measures. It outlines the risk calculation methodology, presents the original DoA risk table, summarizes emerging risks, and provides individual risk assessments with mitigation strategies for key project phases.

D8.3

### Data Management Plan

IESRD

This confidential deliverable (D8.3) establishes Minority Report's Data Management Plan as an adaptive framework for the project's lifecycle. It outlines protocols for handling data according to GDPR, FAIR principles, and Horizon Europe requirements, emphasizing ethical considerations and open access. Using Microsoft Office Cloud and Zenodo repository, this living document will evolve as new datasets emerge, with updates managed through ARGOS.

D8.4

### Knowledge and Management Plan – M6

DMO

This document outlines the IPR and knowledge management plan's core components for the project lifecycle. As a living resource, it may be revised to improve practices as the project evolves.

## News & Events

### Video from Dublin

During our Dublin project meeting (November 2024), we captured brief interviews with consortium partners about their vision for the Minority Report and our goals. Our team combines diverse expertise on building resilience against climate disruptions. Watch the video to see our perspectives at month 6 of the project!

### Project's flyer is out

Check out the project's flyer with general information about who we are and what we are doing! We will use this to promote ourselves at different events, conferences and workshops.

### Clustering

On January 29th, MULTICLIMACT, RETIME, CLIMRES, MULTICARE, Minority Report, and MAIA met to foster collaboration on built environment resilience. We discussed presence at joint events, coordinated dissemination efforts, and developed a common roadmap to maximise our collective impact and knowledge exchange.
